On The Road...

AFC Portchester

A fantastic second half of the season run saw AFC Portchester climb into the promotion play-off spots in their first season at Step 4, losing to Westfield in the Play-Off Semi-Final. It has been another slow start this season sitting one place below us in the league standings at the time of writing and on a bit of wobbly form having picked up just two wins in their previous six league games including losses to high flying Egham Town and Ashford Town (Middx). With veteran striker Jason Prior in through the door in the summer, Portch will be relying on his goals to take them one step further than last season.
